

Hotspot Hosting

FLAT RATE INTERNET HOTSPOT SERVICES

Low cost rental at a fixed monthly price

Flexible Billing Solutions for Guest Internet Services

The Pay-to-use Internet service where you receive all income from sales and you control and set prices to suit your customer base

Your New Services

Offer your customers pay-to-use wireless or wired Internet services without loss of revenue or high startup costs.

You keep all the income from sales whilst we provide the equipment, installation and billing services.

Ideal for Hotels, Stadiums Restaurants, Conference Centres and many more places.

Customized to your requirements with logo, promotional material and highly flexible tariffs.

Latest Technology

Using the award winning Alepo Hotspot Server and Colubris range of 802.11 Subscriber Gateways we can offer you the most up-to-date WiFi billing services.

One-time and prepay voucher generation comes as standard plus our UK Credit Card module provides flexible ways to collect revenue.

Extendable throughout your premises and to other sites.

Available via Broadband connection throughout the UK and Europe.

Hosted Solutions for Public Internet Providers

Perfect for WISP Startups, Temporary Hotspots, Market Testing and Complete Rollouts

Using our Central Hotspot System, based on the Alepo Server, you can provide a service to your customers without the additional investment of owning your own system. This is an ideal way to startup your Hotspot business over one or many sites without having to become involved with technicalities or having to operate additional equipment. We offer a fixed price monthly fee and you retain all WiFi revenue.
